Colorado Department of Transportation Spotlight Event I-70 East & C-470

Colorado Convention Center
October 22, 2014

Welcome

"Thank you for attending the CDOT Spotlight Event for Major Upcoming Projects. We look forward to providing you with an inside look at what to expect as the I-70 East and C-470 construction projects begin to gear up.

Our goal today is to provide a forum for businesses of all sizes to learn more about two of CDOT's largest upcoming projects and to make initial contacts with a wide range of industry stakeholders and supportive services.

Please take this opportunity to network and to ask questions. We hope the insights and best practices shared today will open doors to future opportunities for our local contracting community."

Sincerely,
Don Hunt
Executive Director
CDOT
