

Tired of paperwork?

Try Internet bidding today!

The Bid Express® service, the leader in Internet bidding for infrastructure construction projects, is pleased to present two special offers to contractors bidding on Colorado Department of Transportation (CDOT) projects.

For more than 17 years, the Bid Express service has been a reliable, secure, and cost effective method for finding projects and submitting bids. CDOT has successfully used the service since 2007; it is also used by the departments of transportation in Nebraska, Arizona, New Mexico, Kansas and Oklahoma.

More than 8,000 bidders in the U.S. and Canada trust the Bid Express service. It ensures the bid is complete, checks for errors and reduces data entry. Bids submitted via the Internet are encrypted so they are safe, and you can revise/withdraw/resubmit a bid as many times as needed, up to the deadline. You always get a receipt for your bid submittal, so you know it was received. When you bid via the Internet, there is no paper, no disk and no travel. Just upload your bid and you are done!

Free training sessions

Whatever your role, we have a training session for you. Bring your laptop or just watch and learn. Space is limited...sign up today!

Contact

Please contact BethAnn Wieder with CDOT at 303.757.9541 or bethann.wieder@state.co.us with questions. To sign up, for one of the offers, contact customer.support@bidx.com.

Free offer from the Bid Express service

Offer #1

Basic Service free for 3 months

Info Tech, Inc. will waive the \$35/month Basic Service subscription fee for the first three months for new subscribers who sign up before May 31st, 2015. This access level allows contractors to view projects posted by all agencies using the Bid Express service. You also get free access to bid preparation software that lets you complete your bid by just entering unit prices.

OR

Offer #2

One Free Info Tech Digital ID

An Info Tech Digital ID is required for all prime contractors submitting their electronic bids over the Internet. Info Tech, Inc. will waive the one-time fee of \$100 for acquiring a new Digital ID for any contractor desiring to bid electronically with CDOT. Must apply by May 31, 2015.
